

# PATTERN BOOK

**SINGER**  
KNITTING MACHINE  
**CARDMATIC-313**

This pattern Book contains the photographs of fabrics that have been knitted by using the punched cards, and the operation tables explaining how to knit them.

Read and learn the following chapter HOW TO USE OPERATION TABLE carefully before you start pattern knitting.

Pattern knitting will be automatically performed by using any of the punched cards attached, but the way of knitting differs according to the pattern.

Please read the chapter, VARIOUS PATTERNS, in the INSTRUCTION BOOK carefully and practice all the methods of knitting described in it.

## INDEX

### TUCK KNITTING

*A* P. 4 ~ 20

### TUCK SLIP STITCHES

*B* P. 21 ~ 31

### KNIT-IN

*C* P. 32 ~ 42

### WEAVING

*D* P. 43 ~ 54

### LACE KNITTING

*E* P. 55 ~ 61

### TWO THREAD KNITTING

*F* P. 62 ~ 64

## HOW TO USE OPERATION TABLE:

This column indicates one or more colors knitted as examples. (See P. 3.)

The number of rows that shows through the window of the Pattern Panel.

One row is knitted in this position to prepare for the pattern and is not added to the total number of pattern rows.  
After knitting this row, prepare for the pattern following the zero (0) row.

When the card is repeated, return the card to (■) mark of red arrow and also end the pattern on this row.

The pattern will begin with the number 0.

This indicates the pattern has been completed.

Set the Russel Lever of the carriage to the position given in this column. (See P. 3.)

Set the Cam Lever of the carriage to the position given in this column.

Set the Side Knob of the carriage to the position given in this column.

This column shows direction the carriage will move and the total number of rows to be knitted

STOP					
SET STOP KNOB TO ▼ MARK. (NEEDLE SELECTING)					

ONE PATTERN — 24 STITCHES AND 44 ROWS.

This mark means to repeat the operation just performed.

Set the Stop Knob on the Pattern Panel to either ● or ▼ as indicated.

The diagram is illustrated in the operation table where needle selecting is required. (See P.3.)

### \* YARN

In the column, YARN, the following abbreviations are used.

- Main.....Indicates the yarn passed through the Yarn Feeder. (Refer to Fig.1)
- 2nd.....Indicates any yarn of contrasting color for Two Thread knitting, Knit-In (Fair Isle) knitting and Weaving.
- For Two thread knitting....Indicates the yarn threaded through the Adding Yarn feeder. (Fig.2)
- For Knit-In (Fair Isle).....The secondary yarn is placed at the Yarn Holder on the Arm. In this case, Attach Auxiliary Arms into the Auxiliary Arm Slots marked "KNIT-IN" on both right and left side.
- For Weaving.....Indicates the threading yarn placed on Yarn Holder for Weaving. Attach Auxiliary Arms at the Auxiliary Arm Slots marked "WEAVING" provided both right and left. (Fig.3)

### \* RUSSEL LEVER

The Russel lever has two positions.

- Center..... Indicated by Blue eyes.  
When Russel Lever is set at this position, the needles in B and C position will knit, while the needles in D position will not knit.
- Right.....Indicated by Red eyes.  
The Russel Lever is set to this position in order to knit the needles placed in D position.

### \* FEEDING DIAL

Use this dial when setting the Punch Card to the Pattern Panel, either in forward or reverse direction.

### \* NEEDLE SELECTING

Needle selecting starts at the center of 0 on the needle bed. Transfer the stitch at the position next to the latch needles, as shown in the figure. The latch needles which are not in use are to be pushed back to A position. You may place needles which are not in use to A position to begin with. However, you must be careful not to mistake the locations of latch needles to be rested.

(See Fig. 6. The right half is the actual needle setting for the left symbol.)

A close-up photograph of a dark red, textured surface, possibly the cover of a book or a folder. The texture is a fine, pebbled grain, characteristic of leather or a high-quality faux leather. The lighting is even, highlighting the subtle variations in the texture and color. The corners of the object are rounded.

## SERIES OF PUNCHED CARDS FOR SALE SEPARATELY

To give you a broader selection of punched cards to choose from there has been eleven series placed on sale. Each series contains ten punched cards.

Series are classified into those of solid pattern, colored pattern, etc., respectively representing the series. Besides these representative patterns, each series includes other types of knitting too.

- Series No. 21 ..... Solid patterns
- Series No. 22 ..... Colored patterns
- Series No. 23 ..... Lace knitting
- Series No. 24 ..... Knit-in, large patterns
- Series No. 25 ..... Knit-in, large patterns
- Series No. 26 ..... Knit-in, large patterns
- Series No. 27 ..... Knit-in, small patterns
- Series No. 28 ..... Weaving, large patterns
- Series No. 29 ..... Weaving, small patterns
- Series No. 30 ..... Knit-in, special patterns
- Series No. 31 ..... Knit-in, special patterns
